Passenger claims and seat belts 1 Introduction a. Vulnerability Unlike pedestrians, vehicle passengers, with the exception of motorcycle pillion riders, are generally much less vulnerable in a road accident. This is because, to a large extent, they are protected inside a metal structure and in cars, they will usually have the added protection of seat belts, head restraints and airbags. b ...

of the passenger. Two doors from one corner, on the left hand going east, the line was broken by the entry of a court; and just at that point, a certain sinister block of building thrust forward its gable on the street. It was two stories high; showed no window, nothing but a door on the lower story and a blind forehead of discoloured wall on the upper; and bore in every feature, the marks of ...

Let me pause for a second and talk about how to tell the difference between Boeing and Airbus. After all, if it has 4 doors and just two engines (one on each wing) we know it's likely the A330 or 772. So if we can find the differences between the companies, we can tell the difference between the planes.

Passenger - Let Her Go (Lyrics)

The Lockerbie Experience For the people of Lockerbie, the crash of Pan Am was a horrible, sudden disaster, striking the small town with violence and making the rest of us for ever remember the name of a small Scottish city, we otherwise never would have heard of during our lifetime. 11 inhabitants of Lockerbie lost their lives in the disaster.
